How can you believe all this stuff?

This is the number-one question Catholics gets asked—and, sometimes, we ask ourselves. Why do we believe that God exists, that he became a man and came to save us, that what looks like a wafer of bread is actually his body? Why do we believe that he inspired a holy book and founded an infallible Church to teach us the one true way to live?

Ever since he became Catholic, Trent Horn has spent a lot of time answering these questions, trying to explain to friends, family, and total strangers the reasons for his faith.

Some didn't believe in God, or even in the existence of truth.

Others said they were spiritual but didn't think you needed religion to be happy.

Some were Christians who thought Catholic doctrines over-complicated the pure gospel.

And some were fellow Catholics who had a hard time understanding everything they professed to believe on Sunday.

Why We're Catholic assembles the clearest, friendliest, most helpful answers that Trent learned to give to all these people and more. Beginning with how we can know reality and ending with our hope of eternal life, it's the perfect way to help skeptics and seekers (or Catholics who want to firm up their faith) understand the evidence that bolsters our belief—and brings us joy.

“Whoever loves Christ wants to make him known. But we can make him known only if we live our faith and can put it into words. Trent Horn’s WHY WE’RE CATHOLIC helps us do precisely that. This book is made for the challenges of our times. I highly recommend it.”

Overcoming Obstacles to God, the Gospel, and the Church

Sharing the gospel with family and friends (or a stranger on the computer screen) can be challenging enough. When they won't even hear you out, because of all the mental roadblocks they've built up, it's even harder.

In Prepare the Way, Karlo Broussard helps you tackle that essential first step to apologetics and evangelization: getting people to listen with an open mind.

Even our best witness can bounce right off folks like these if we don't prepare the way first, breaking down the barriers and leaving minds and souls free to encounter the truth. So Karlo gives you not just evidence and arguments but step-by-step strategies, based on asking the right questions, that you can use—along with prayer and gentle charity—to help them overcome their obstacles and make a straight path for the Lord.

Pious Misquotes and the Subtle Heresies They Teach You

“God helps those who help themselves.” “Preach the gospel always; when necessary, use words.” Sayings like these are such a part of modern pious tradition that we assume they come from the Bible, the mouths of saints, or the pens of famous Christian writers. Even though nobody can seem to place their exact origin, by sheer repetition—in books, in homilies, and of course on the internet—they have acquired a halo of truth.

In What the Saints Never Said, Trent Horn (Why We're Catholic) takes over forty of these well-known but dubious sayings and attempts to track them to their true source.

By setting the record straight, Trent does more than show you the true origins of these seemingly harmless sayings: he roots out the poison pills contained in them—testological errors and implications that can lead us away from the fullness of Christian truth. In their place he offers choice selections from the richness of authentic quotes from Scripture, saints, and scholars that will draw you closer to that truth.

The Bibliographic Memoir of an Accidental Apologist

“Whatever I have learned,” writes Karl Keating, “I have learned from masters of the craft.” In this memoir, the father of the modern Catholic apologetics movement traces his life’s work through the wisdom he has borrowed from twenty-five books written by “masters” both famous and obscure. In delightful prose bearing Karl’s trademark erudition, precision, and wit, Booked for Life mixes anecdote and reflection with theological observations and prescriptions from nearly forty years engaged in defense of the Faith.

“This is a fun biographical bibliography. Or is it a bibliographical biography? Don’t let terminology trip you up. What a fascinating read by one of the pioneers of the New Apologetics movement. Keating’s list, and his insightful accounts of why these books matter, provides a superb foundation for the next generation of thoughtful Catholics.”

How to Help the Spiritually Indifferent Find Beliefs that Really Matter

Sharing the Faith used to make some people mad because it challenged and clashed with their own strong beliefs. Today it makes a lot of people yawn—because they don’t have strong beliefs about anything.

Matt Nelson (ReasonableCatholic.com) says this religious indifference is the great spiritual sickness of our age—a product of the relativism that dominates modern culture.

In Just Whatever, Matt takes down the building blocks of religious indifference one by one. He looks at the three different kinds you tend to encounter in your friends and family members—and maybe in yourself—to see where they come from and why they’re seductive. In their place he offers a compelling vision of a world in which it matters what you believe, who you worship, and where authentic truth and authority reside. And he helps you present that vision to others with clarity and love.

How to Pray, Find Peace, and Grow in Faith with Saints of the Counter-Reformation

The sixteenth-century Catholic Church was definitely in need of reform. Too many of its leaders were worldly and corrupt; too many of the faithful were living in laxity or ignorance. Unfortunately, Protestantism brought more revolution than reform, but the saints who rose up in response to it helped renew and transform the Church for generations to come.

Our own souls, too, are in constant need of reform, of re-conversion to God and his will for us. We struggle with sin, we become distracted in prayer, we find it hard to be loving and easy to be selfish. In Reform Yourself!, Shaun McAfee (founder of Epic Pew and author of Filling Our Father's House) shows you how those same magnificent saints can be guides to your own personal transformation.

Reform Yourself! shows you a time-tested path to a richer spiritual life, deeper knowledge of God's revealed truths, and a more fruitful living-out of your vocation. We all need to reform our souls—let the saints who reformed the Church show you how!
